

MIRADA

XD4

Integrated vendor-neutral
software for diagnostic reading

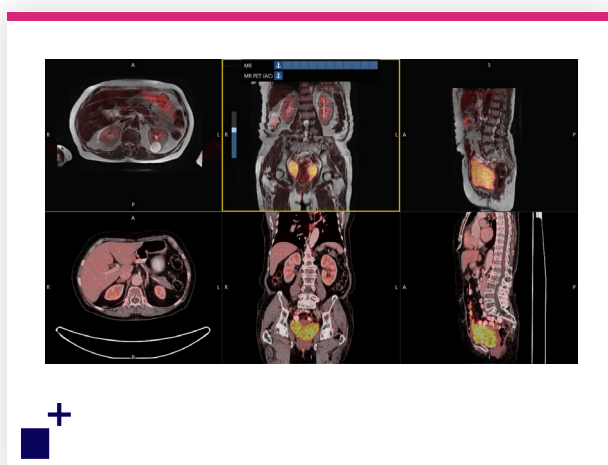

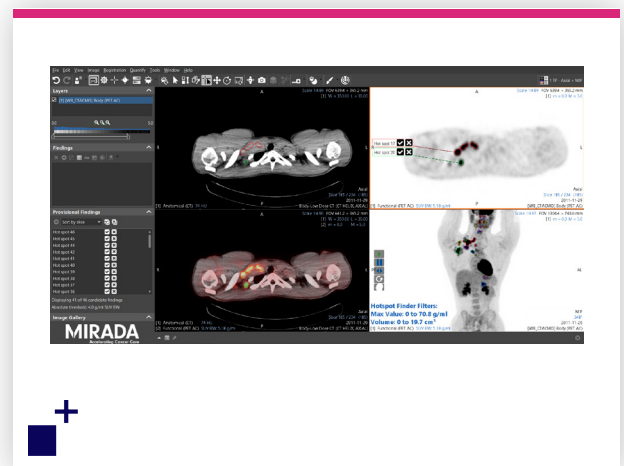

Mirada Diagnostic Imaging Software presents an enterprise solution for PET/CT, PET/MR, nuclear medicine, and image fusion.

With a comprehensive set of workflows powered by world-class deformable registration and accurate quantification tools, Mirada Medical will help to increase your confidence in reading and data interpretation.

Efficient and practical diagnostic PET/CT reading

- + Quantitative PET/CT reading with automatic alignment of longitudinal studies upon load, and single-click region tracking
- + PET hotspot finder: quick and easy identification of lesion candidates for your review
- + Support protocols for assessing lesions: PERCIST, RECIST, WHO, Total Lesion Glycolysis
- + Unlimited multi-time point follow-up scan reviews
- + Support for multi-timepoint gated (4D) CT and PET data and multi-phase CT data

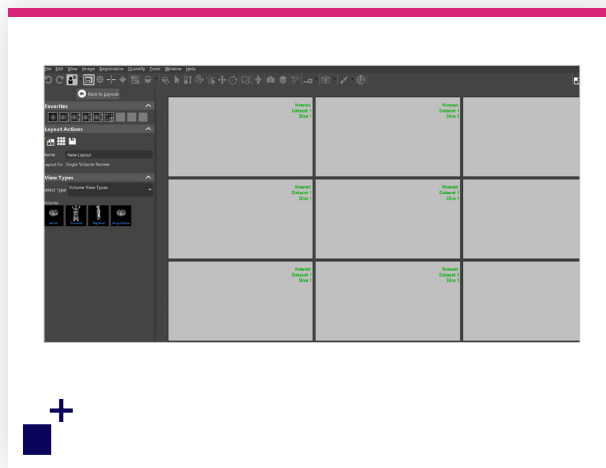

Full-featured PET/MR Software

- + Multi-sequence PET/MR fusion
- + Advanced PET/MR-PET/CT comparison and interpretation
- + View attenuation maps, dynamic MRI sequence and functional MRI scans
- + Switch between MR sequences in real-time

Configurable, adaptable, and easy to use

- + Large number of workflows that can be tailored to your institution's protocols, data and preferences
- + Highly Customizable User Interface

Consistency and improved productivity across different studies and users

- + Send bookmarks, ROIs and other findings to PACS for future recall
- + Increase reproducibility and time-saving with Saved Sessions

+ Full Custom Integration

Mirada Medical offers various licensing and deployment options. Our products can integrate seamlessly with your PACs. Mirada XD can be deployed as a standalone workstation and thin client solution for remote reporting.

+ Dedicated Customer Support

Mirada Medical is passionate about providing world-class customer service.

Dedicated customer success team delivers support to our customers via telephone support line and email service. Our experienced clinical and technical specialists will provide you with rapid responses to your queries and work together to swiftly resolve any customer support issue you raise.

+ Easy Upgrades

Updates are routinely provided at no additional cost to our service customers, meaning you will always have access to our latest products and features.

+ Training

Available for on-site or remote education, Mirada's experienced team will tailor a training package to suit the needs of your institution.
